Summary

I am a highly skilled and experienced programmer with a passion for creating software solutions that meet the needs of businesses and organizations. With a Bachelor's degree in Computer Science and extensive hands-on experience, I possess a strong understanding of software development principles, programming languages, and database management that will bring great value to your organization. If you are seeking a professional with a proven track record in delivering top-quality, robust, and scalable applications, I am confident in my ability to meet your expectations.

Skills

- Good understanding of HTML5, CSS3, Javascript, ReactJS, JQuery, Bootstrap, NodeJS, ExpressJS, SQL, and noSQL.
- Experience using development tools such as Visual Studio Code, Webpack, Babel, and npm.
- Experience in using front-end frameworks such ReactJS, VueJS, and JQuery.
- Familiar with testing frameworks such as Jasmine to ensure code quality and application reliability.
- At ease with working with different APIs such as REST, and SOAP .
- Proficient in JavaScript.
- Skilled in database management systems, including MySQL and MongoDB.
- Proficient in version control systems such as Git and Github..
- Ability to learn and adapt quickly to new technologies and programming languages.

Experience

2020 - 2023, Contract

Druksys, San Antonio, TX– *React Developer*

- Produced new features using React and Node.
- When implementing a design I was in charge of creating React components that can be reused in future projects.
- When the backend developer wasn't available I would work on developing SQL Server databases and scripts that leverage data in existing systems.
- I have predominantly worked autonomously with minimal supervision and have taken on diverse responsibilities as needed.
- Stayed up to date with the latest technological advancements.

- Collaborated with non-technical stakeholders to gather specifications and resolve application problems.
- Developed and maintained client's website using HTML5, CSS3, ReactJS, JavaScript, and NodeJS.
- Created custom themes and plugins.
- Worked closely with project managers and clients to ensure project milestones were met on time and within budget.

Education

Graduated 2019

Texas A&M University, San Antonio , TX - *Bachelor of Science in Computer Science*

Personal Skills

- Strong problem-solving and analytical skills.
- Excellent communication and collaboration abilities.
- Detail-oriented and highly organized.
- Ability to work independently or as part of a team.
- Dedicated and committed to producing high-quality work.
